

## HOME LEARNING: Larch

**Expectation:** Pick one English or Maths activity a day and one other activity. In addition, daily 'Ruth Misikin' phonics and 'The Maths Factor' opportunities (see in challenges below).

**Parents:** Please make a comment and share a picture about your child's learning activities on Tapestry.

**Commencing:** Monday 1<sup>st</sup> June

<b>Maths</b>	<b>English</b>	<b>DT</b>	<b>Moving and Handling</b>	<b>Geography</b>
Can you go onto <a href="http://www.themathsfactor.com">www.themathsfactor.com</a> and complete 1 challenge a day.	Phonics: Type 'Ruth Misikin training' into YouTube to find daily 'Read Write Inc.' phonics lessons and support.	Create a building you would see in a town E.g. house, shop.	Write all the letters in the alphabet using the correct formation. Remember to use the letter rhymes to help.	Complete a science experiment. Talk about what a plant needs to grow. Try: - One in the dark. - One in the sun. - One in foil. Which one will grow the best and why?
Work out if you can halve all the numbers up to 20. E.g. half of 20 is 10 Half of 19, I cannot do as both groups are not equal.	Go through the alphabet and write a word for each letter. E.g. a – apple b – bag c – cat etc.	Design a model that would help people and explain how it works to your adult. E.g. A machine that folds all of the washing for you.	Hop/skip to a piece of music. How long can you do this for? Time yourself and see if you can improve next time.	Research where some foods in your house have come from. Has it come from a different country? Draw a picture of the food and the country flag where it comes from.
Miss Everatt has a bag of 20 sweets and wants to share them with Miss Redmond. How many sweets will they each have?	Enjoy yourself and make a cake or cookies. First, write a list of what you need. Then write some simple instructions to help! E.g. I will need some flour, eggs, sugar etc. First, I need to mix the flour and sugar	Make a car out of junk modelling and see how far it will travel.	Create your own obstacle course in your garden that makes you move in different ways. E.g. Crawl under a net. Jump over a hurdle. Run around a cone.	Research what different fields look like. Create different patterns to make different fields.
Using sticks or pencils, make some different 2D shapes. E.g. using pencils to make a triangle.	Write a letter about all the fun things you have been doing at home and send it to a friend.	Create your own fruit smoothie and write a list of all the different fruits in your recipe.	How many different balances can you do? Remember you need to hold the balance for 5 seconds! E.g. Star balance. Balance on one leg or make your own.	Go for a walk and take a nature survey. Keep a tally of how many different flowers you see. E.g. daises, daffodils, tulips, dandelions.
Name all the coins in your adult's purse/bag. Draw and label them.	Ask an adult to write some letters on a piece of paper and cut them up for you. See how many words you can make with the letters.	Create your own dance to your favourite song or piece of music.	Tell your adult about tool safety. How can you be safe around tools? Write down some rules.	Research and find out which animals live in the Arctic. How many can you find?
