

Your writing task for the following week is to write a letter for the future children of Bishop Alexander who didn't experience the lockdown.

Your letter is going to be all about your experience of the lockdown.

Attached is a WAGOLL of a plan for the letter so I know exactly what I am going to include and a WAGOLL of a letter. You could use the same subheadings if you would like.

Keep your letters safe as when we come back to school, we are going to make them into a book!

Don't forget to include the Active English grammatical features into your writing.

✓ Maybe you could tick each symbol once you have included it in your writing.

WAGOLL - Letter

Dear Bishop Alexander children,

On the Friday 20th March 2020 it was my last day at school because we were having a whole country lockdown because of the Coronavirus. I felt confused with what was going on and I didn't know what was happening. I knew I was going to be at home with my mummy, daddy and brother and I was excited about this.

Every day I did my school learning because I love learning and I was teaching my daddy new things. I was being a teacher. It was so cool! I was missing my school friends and teacher a lot because I like spending time with them. It upset me not being able to play with my friends at break time and lunch times. When I am back at school, me and my friends will play lots of fun games.

During the lock down it was the Easter holidays, between 3rd April to 17th April, so I did not do any learning. I went for long walks with my family and I went on my orange bike and I also washed my bike to make it sparkly and clean. I baked cookies with my mummy, the cookies with warm and gooey. I put a whole bag of chocolate chips in. I took some chocolate chip cookies with my brother to my nanny and grandads because we miss them lots. We put the cookies in front of their red door and knocked loudly so they knew they had a surprise. I felt happy.

When the lockdown first happened, I missed going horse riding which I do every weekend, I missed going to Jolly Jungles and the cinema, but lockdown was fun. I started to not be worried anymore and was happy every day and safe. My mummy taught me clean, she showed me how to polish my bedroom and I played with all my toys. My bedroom looked like Smyths Toy store! My favourite toy is my wooden dolls house, I coloured in the walls with green, purple, red, orange and pink felt tips. I built a giant house with my Lego in the garden for my pet hamster Roy to climb through. Me and my brother tried to make a Lego house for us to get in but we were like giants.

Love from,

Bruce
