

## Rocky Road cupcakes

These rocky road cupcakes are so yummy and really easy to make.

### INGREDIENTS

- 350g chocolate
- 30g butter or margarine
- 50g miniature marshmallows
- 50g raisins
- 30g Rice Krispies

### DIRECTIONS (ask a grown up to help you)

1. MICROWAVE DIRECTIONS: Break the chocolate into small squares and place in a microwave-safe bowl along with the butter. Heat on LOW for short 20 second intervals, stirring each time until melted. Be careful as chocolate can easily burn if left in for too long/ the temperature is too high.
2. Once melted, take the bowl out of the microwave.
3. Add remaining ingredients and mix well.
4. Spoon the mixture into paper cases and chill until set.
5. Enjoy!
