

Eggy Adventure!

What is your eggy's name?

What does he/she look like?

You must create a 'home' for eggy.

You must keep eggy as safe as possible.

You need to be able to see your eggy at all times.

Eggy must join you for meal times – I wonder what he/she likes to eat.

If it is cold, then maybe eggy will need a blanket.

You must not touch anybody else's egg. This would result in your egg ending up in eggy jail!

This task aims to develop responsibility as well as have some fun. Some children even pretended to 'pay' for creche and baby sitting services so that they could play rounders without hurting their eggs! You could adapt the rules/add some incentives/add some prizes or you could make the challenge trickier for your family. Hope you have fun and your egg doesn't end up like Humpty Dumpty!
