

Chalk pictures

1. Imagine yourself in a picture, what are you doing? Could you be on a swing, swimming, riding a dragon, floating on balloons?
2. Draw your picture in chalk large enough for you to sit on or lay on.
3. Pose on your chalk drawing! You need to think about how it would look from above.
4. Have a look at your photo! Does it look like you are standing up when really you are laying down? Why is that?
