

Science Writing Task - Day 5 and 6

Today's task is to choose your favourite animal and start to carry out some research about your chosen animal and their habitat.

You may have some books about your animal. You might be able to find some facts on the internet or you may already know lots of facts about your animal.

As you find out the facts about your animal and their habitat, record them on the sheet.

Name of the animal	
Picture of the animal	
Description of the animal	
Name of the habitat	
Description of the habitat	
What does your animal eat and drink?	
What is the name of the animal home?	

Predators?	
Prey?	
Camouflage?	
Interesting facts
