Whilst working at Bishop, some of my favourite memories have been the exciting STEM projects we run every March; sharing all the amazing science work done by the staff and children at our school with other teachers, and the school being awarded with the Primary Science Quality Mark.

The person I find inspirational is Tim Peake because during his time on the International Space Station, he remained dedicated to sharing his love for science and engineering with everyone back on Earth.

If I wasn't a Teacher I would love to be an Astronaut because I think it would be amazing to go into space and do lots of brand new Science experiments.
